

• Our Inspiration

Teaching is a very noble profession that shapes the character, caliber, and future of an individual. If the people remember me as a good teacher, that will be the biggest honour for me. I have three visions for India. In 3000 years of our history, people from all over the world have come and invaded us, captured our lands, conquered our minds. Yet we have not done this to any other nation. We have not conquered anyone. We have not grabbed their land, their culture, their history and tried to enforce our way of life on them. Why? Because we respect the freedom of others. That is why my first vision is that of freedom. If we are not free, no one will respect us. My second vision for India's development. . It is time we see ourselves as a developed nation. Our poverty levels are falling. Our achievements are being globally recognised today. Yet we lack the self-confidence to see ourselves as a developed nation, self-reliant and self-assured. I have a third vision. India must stand up to the world. Because I believe that unless India stands up to the world, no one will respect us. Never stop fighting until you arrive at your destined place - that is, the unique you. Have an aim in life, continuously acquire knowledge, work hard, and have perseverance to realize the great life.

"God, our Creator, has stored within our minds and personalities, great potential strength and ability. Prayer helps us tap and develop these powers".

Seyan International School History

Shantai Education Society was founded in 2004. Then after our pariwar worked in such a fashion after that there was no looking back. The seed sown has grown as a banyan tree and has flourished bigger and better since then. Today lots of childrens are getting benefitted under it's shadow. The main objective of the trust is to up lift the society through value based education.

Shantai Education Society's freedom Fighter Shivram Natthu Wani D.T.Ed. College Established in 2008, R.S.B. English Medium Public School in 2009, D.S.Nursing College in 2010, S.N. Wani Primary School in 2013, Secondary School of Semi English & Marathi Medium in 2013 & Seyan International School in 2016. Seyan, as the Name Suggests, is a school without barriers of caste, religious and creeds with the mission to create human resources by insuring excellent knowledge, creativity, Self Development as well as visionary & Worthy youngsters of our nation India. We established with and aim for creating leaders of the future, by imparting holistic education in an environment of excellence where student's and Faculty from different parts come together for the purpose of learning.

Dear Parents / Guardians :-

I Welcome each one of you to the Seyan International School fraternity. Keeping in time with global education standards we feel the need to set up an all compassing modern and specious school with international standard infrastructure and campus.

I needed to feel delighted while dedicating the glorious service of Shantai education society's Seyan International School. We at SIS believed in ideal Growth of tiny tots with the exemplary and playful standard of teaching we have employed top -of the Line Faculty to cater to the increasing needs of today's learners. I firmly believe education enables the individual to be an independent multi skilled, society committed and human keeping the qualities illustrated the school offer project based learning which compels learners to research and type and then act. Our medium of instruction is English. A welcoming ambience holistic and best educational facility in classroom. Play ground and hygienic campus. Tradition must have important role in the school education become ultimately the character counts.

Best wishes,

"Every child is special child and possesses certain talent"

The most important thing that I have learnt that "Every student is a unique individual and possesses some or other talent". The knack and abilities to discover the hidden talent in the student is one of the most important things for both, teachers and parents. No educational board has the curriculum that gives justice to this hidden talent in every individual.

In Seyan International school though we are going to follow CBSE syllabus, we are going to discover the hidden talent in every individual and with parents participation. We would be giving shape to every individual student. For Seyan International School Education doesn't mean to gather mere information and master the skill of answering stereo type question and scoring marks. We believe that no gain rich and varied knowledge and experience is also part of education is to be taught seriously and rich Indian traditions must have important role in the school education because ultimately the character counts.

Best wishes,

Mrs. Kalyani Rupesh Badhan

Academic Advisor

Seyan International School, Pimpalner.

At the very outset, I extended my warm hearted welcome to all dear parents and guardians. Our prime goal right from the beginning is to bring out the best of the human potential in each child and thus to promote excellence through value-based education with relevant and continuously updated curriculum and modern tech-aided teaching methodology moreover education at Seyan International School will enable learners to explore the both natural World and the word of feeling. Therefore SIS has a commitment to endow with advantages of education to each and everyone. To us child is special. The world armed with technology is always in search of mentally, psychologically, socially and morally developed citizens. Hence we want every learner to be natured into strong, reflective and responsible individuals who are confident and adaptable in meeting the challenges and opportunities of technically advanced world.

I am happy to state that the committed and motivated team is ready to deliver world class education with an ideal support of the visionary management.
